

August 4, 2020

Dear NECPA members and associates,

For the last 100 years, the North East Canvas Products Association has proudly worked to help expand the knowledge and experience of our members while we served to promote our wonderful industry. During that time, we have been around to witness many historic and life-altering events alongside our members, and these times are no different. Just like many of those critical times in past, we will find our way this time as well.

The most important thing to us is the safety and comfort of our members, which was why we came to the difficult decision to postpone our next Expo until 2022. In the meantime, we will be here to support our industry in any way we can while we continue working on new ideas and programs that will nurture the growth of our members. We see this time as an opportunity to reflect on what our members have accomplished as a group and be thankful for what we have as a community.

Looking forward, we are very excited for what the future will bring us. We ask that you continue to support our wonderful organization now with the renewal your yearly membership or joining as new member. [www.necpa.org/membership](http://www.necpa.org/membership)

Stay healthy and stay safe.

Sincerely,

Laurie Moers

President
